Delta Dental's Special Health Care benefit allows for enhanced benefits for members (adults & children) with special health care needs. Additional dental exams and/or consultations; up to four total dental cleanings in a benefit year and medically necessary treatment delivery modifications (including anesthesia and nitrous oxide) for patients with sensory sensitivities, behavioral challenges, severe anxiety, or other barriers. Members with a qualifying special health care need should advise their dentist that their group plan now offers this enhancement. Your dentist will then verify the additional benefits with Delta Dental.

Delta Dental has over 266,000 participating dentist locations nationwide. You may use any fully licensed dentist under this plan however; it is to your advantage to visit Delta Dental PPO dentists. You will enjoy the lowest fees available when using a Delta Dental PPO dentist. If a non-Delta Dental PPO dentist is utilized, benefits will still be available, however, you will have additional out-of-pocket expense since the in-network fee allowances are the maximum allowed fees. The dentist fees may be greater and the difference would be the patient's responsibility. **The amount may be significant.**

Participating dentists will be paid directly by Delta for covered services. Non-participating dentists will bill you directly, and Delta may make claim payment directly to you. You will maximize benefits and reduce paperwork by using a Delta participating dentist.

If you do not have a dentist, you may obtain a current listing of participating dentists in any area, by visiting our website at deltadentalct.com. Claim questions and other information needs should be directed to Delta Dental's customer service department at 1-800-452-9310.

At the time of your first appointment, tell the dentist that you are covered under this program and provide your group number and ID number. Your dependents, if covered, should provide the employee's ID number.

Claim questions and other information needs should be directed to Delta Dental's customer service department at 1-866-655-9442.

This overview contains a general description of your dental care program for your use as a convenient reference. Complete details of your program appear in the group contract between your plan sponsor and Delta Dental of New Jersey, Inc. which governs the benefits and operation of your program. In CT, Delta Dental of Connecticut writes dental coverage on an insured basis and Delta Dental of New Jersey administers self-funded dental benefit programs. The group contract would control if there should be any inconsistency or difference between its provisions and the information in this overview.
